To ensure that the player is still in control of the game, advanced auto play options are offered. For example, stop auto-play:

- on any win,
- if single win exceeds,
- if cash increases by or
- if the cache decreases by a specified amount.

Players are able to stop the auto-play regardless of how many auto-play bets they initially choose or how many remain.

STATISTICS

Many roulette players appreciate the ability to view the results of previous rounds in an effort to make a more substantial bet. So, this fantastic game also includes game history, hot/cold numbers, and other detailed statistics.

RE-SKIN POSSIBILITIES

Comtrade Games can be easily re-skinned to customer color schemes. Customized graphical elements like company logos or specific brand names can be added on demand.

CONFIGURABLE FEATURES

Comtrade Gaming has developed a system that provides the casino operator with numerous configuration possibilities for chips and bet limits. Casino operators can tailor mobile blackjack according to the customer's policies and jurisdictional demands.
